25 February 1985

MEMORANDUM FOR: Deputy Director for Intelligence  
FROM: Director of Central Intelligence  
SUBJECT: 1985 Estimates Schedule

These two documents make me wonder about what's going on in the NIC. Will you take a look at these papers. I asked whether we were overloading when Herb discussed his 21 February memorandum with me. I really meant the NIC production plan. I was taken aback to see how far back new deadlines had been set for projects that I thought were about finished. See my note on the first page of Herb's memo of 15 February.
